TROPICAL

The passionate idea of having your wedding in a tropical paradise raises thrilling expectations, and rightly so. At Breezes it starts with the golden sand under your feet and the palm trees rustling lazily overhead. Then there are very special effects: a richly intense mix of pink, red and orange organza decorated ceremony. Then you happily smile as you are lovingly applauded under the glowing red and orange paper lanterns at your water's-edge reception. It's as if you're in a tropical wonderland. And you are! We call it a Tropical Dream Wedding, and it's a gift to you with our compliments.

The Endless Love wedding package is complimentary. The Timeless Love and Eternal Love upgraded wedding packages are available for an additional charge. Upgrades and extras can be purchased to customize any wedding package.
